FIGHT WITH VILLA BAND

Had Several Days Ago By Colonel Dodd's Advanced Cavalry In Which Two Americans Were Killed—Bases and Lines of Communication Are Being Strengthened.

(ASSOCIATED PRESS TELEGRAM)
El Paso, April 26.—A report was received here today that Colonel Dodd's advanced cavalry detachment had an engagement several days ago in which both sides suffered losses. It was indicated the battle was with Villa bands.

The information regarding the battle came in a private dispatch but gave no information where the engagement took place. Advanced detachments of Colonel Dodd's cavalry recently have been operating in a limited zone just north of Satevo, scouring the country for Villa bands.

Officials of the de facto government were optimistic today in the belief that the mission of General Alvaro Obregon, minister of war to this city or Juarez to confer with Major General Hugh L. Scott, chief of staff of the United States army will result in a satisfactory plan whereby peaceful conditions may be maintained along the border.

Pending the conference, which probably will be held late this week, the bases and lines of communication of the American army in Mexico are being strengthened for any eventuality.

OFFICIAL REPORT OF ENGAGEMENT.

(ASSOCIATED PRESS TELEGRAM)
Field Headquarters, Mexico, April 26, via wireless to Columbus, N. M.—Two Americans were killed and three were wounded in an engagement between cavalrymen under Colonel George A. Dodd and 260 Villa bandits at Tomachio, in the center of the Sierra Madres, in western Chihuahua, on April 22, according to an official report reaching here today.

The Villa command under four chiefs, Baca, Cervantes, Dominguez and Rios, was surprised in the late afternoon and routed. After the battle the Americans found six dead Mexicans and 19 wounded while a quantity of horses, arms and equipment was captured.

NEW REPORTS OF SNIPING BROUGHT TO HEADQUARTERS.

(ASSOCIATED PRESS TELEGRAM)
Columbus, N. M., April 26.—New reports of sniping were brought here today, it being asserted that an American trooper sitting in front of his tent in a small camp near Satevo suffered a bullet wound in the jaw. An encounter between Lieut. Alden M. Graham and a Villa captain at a point below Naniquima also was reported. Lieut. Graham killed the bandit and brought his cap, burdened with seven pounds of silver lace, into the American camp.

Determined Spirit Shown by Sixty Membership Workers for a New Chamber of Commerce

Notice.—All workers who have taken part in the membership campaign are invited to be present at 5:30 p. m. today at the Masonic Temple for the final dinner and report. Important information concerning the formation of the Chamber of Commerce will be given by the speakers.

The determined spirit back of the Chamber of Commerce campaign was shown today when sixty membership workers gathered at 9:30 a. m. at the assembly room of the Newark Trust building, and voted to continue the canvass today in spite of the steady downpour of rain. They were given the chance to postpone the final canvass until tomorrow, but on the vote, it was almost unanimous for today.

The workers will give the entire day to their canvass, and will meet at 5:30 at the Masonic Temple where the final reports will be made. When they made their last report on Thursday noon, the membership mark stood at 441. They must report fifty-nine additional members this evening to reach the coveted goal.

CALLS ON WARRING NATIONS TO STOP

Senator Francis G. Newlands.

Senator Francis G. Newlands of Nevada has introduced a resolution in the upper house calling upon the warring nations of Europe to make peace. The resolution suggests that conditions in Europe shall remain exactly as they were before the war, that no boundary shall be changed and no indemnities paid.

COMPULSORY

MILITARY SERVICE FORESHADOWED TO SECRET SESSION OF PARLIAMENT.

By British Premier Asquith Who Urges Necessity of "Immediate Efforts to Obtain Men."

(ASSOCIATED PRESS TELEGRAM)
London, April 26.—Premier Asquith at the secret session of parliament yesterday, presented on behalf of the government proposals for shadowing general military compulsion unless success attended immediate efforts to obtain men required by voluntary enlistment from amongst untested married men.

The government's proposals were publicly announced today in a long statement to the press. The government, Mr. Asquith said, will "forthwith ask parliament for compulsory power," unless at the end of four weeks ending May 27, 50,000 men have been secured by voluntary enlistment. The same course is proposed if in any one week after May 27, 15,000 men have not been secured by direct enlistment. These arrangements are to hold good until 200,000 untested men have been attained.

Owing to the length of time required to sift individual cases under the present condition, the press statement said, the recruiting has fallen short of requirements "which are necessary to fulfill our military part."

MRS. ROGERS IS "NOT GUILTY"

(ASSOCIATED PRESS TELEGRAM)
New York, April 26.—The case of Ida Stiffen Rogers, who poisoned her two children, and is on trial in the supreme court on the charge of murder, went to the jury this afternoon.

The jury returned a verdict of not guilty, on the grounds of insanity, after having been out only an hour.

PRASE

For President Wilson's Administration by Indiana Democrats

KERN AND TAGGART INDORSED

For Senators and John A. M. Adair for Governor

KEY NOTE WAS SOUNDED

By Governor Ralston In Speech As Temporary Chairman—Platform Was Adopted Without Debate, and Indorsement of Candidates Was By Acclamation.

(ASSOCIATED PRESS TELEGRAM)
Indianapolis, April 26.—The Democratic state convention, which convened here today, worked rapidly and before noon had elected the delegates at large to the national convention to be held in St. Louis and nominated by acclamation unopposed candidates for places on the state ticket. Governor Ralston as temporary chairman delivered the keynote address.

United States Senator Thomas Taggart, whose name was presented to the convention by Mayor Bell of Indianapolis, was nominated by acclamation for the short term in the United States senate. He made a brief speech.

Mr. Taggart was appointed to the United States senate by Governor Ralston to fill until the election, the vacancy caused by the death of Senator Benjamin F. Shively.

The platform was adopted without debate. The nominations of John W. Kern, for the long term in the United States senate and representative John A. M. Adair for governor made in the primary, were ratified.

The candidates for place on the state ticket by acclamation followed: Homer L. Cook, Indianapolis, for secretary of state; George A. Butler, Ft. Wayne, for treasurer of state; Dale J. Crittenden, Anderson, for auditor of state; Evan B. Stansbury, New Albany, for attorney general; Phil Zoercher, Tell City, for reporter supreme court.

James A. Morgan, Portland, for judge appellate court, northern division; Douglas Morris, Rushville, for judge supreme court, second district; Charles E. Cox, Indianapolis, judge supreme court, third district.

Four delegates at large: Mayor Benjamin Bosse, Evansville; W. H. O'Brien, Lawrenceburg; Senator Jno W. Kern and Stephen B. Fleming, Ft. Wayne.

Meredith Nicholson and Evans Wollen of Indianapolis were the unanimous choice for presidential electors.

Citing the achievements of the Democratic party in both national and state affairs, the platform adopted by the Democratic party in state convention here today contends that the party should be returned to power because of the record it has made. It mourns the loss by death of the late United States Senator Benjamin F. Shively; praises President Wilson, Vice President Marshall, U. S. Senator John W. Kern and the other Democratic members of Indiana's delegation in congress and commends Governor Ralston for appointing Thomas Taggart to the senate.

The present reserve bank act, the platform states, "has contributed more to our prosperity and business stability than all the laws passed by the Republican party in its entire history."

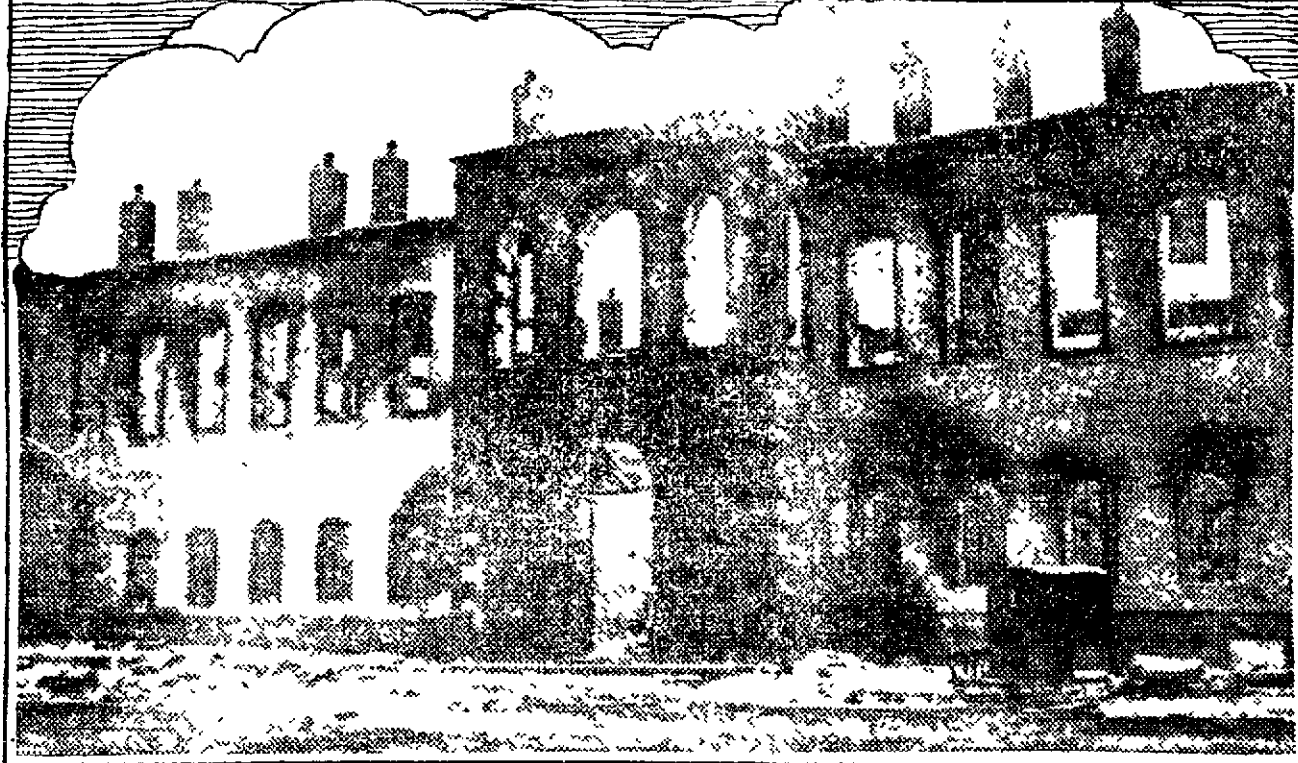

"In our long and eventful history, no president has confronted so many or so difficult questions in foreign relations," reads the plank on foreign affairs. "Mid the threatened chaos of war's carnage, our great president, broad of mind and strong of heart, correctly interprets the aspirations of the people of this great republic for honorable peace, exact justice and humanity."

COMMITTEES ARE NOW PREPARING NEW ARMY BILL

Washington, April 26.—Work of perfecting a new army bill, the first of the administration's big preparedness measures, was begun today by the joint congressional conference committee.

The bill was sent to conference by the house late yesterday after a motion to recommit to the military committee for amendment had been overwhelmingly defeated. The fight to recommit was led by Minority Leader Mann.

This residence was built in the early years of the Christian era by the Roman Emperor Theodosius.

Statement Defining Attitude of Armed Merchantmen Was Issued, at Instance of President Wilson

(ASSOCIATED PRESS TELEGRAM)

Washington, April 26.—A statement defining the attitude of the United States toward armed merchantships was made public today by the state department by direction of President Wilson. It originally was prepared as a circular note to other powers. But it later was decided to issue it as a statement.

The statement holds to the right of a merchant ship to arm for protection only but declares that merchantmen which have used their armaments for aggressive purposes are not entitled to the same hospitality in neutral ports as peaceable armed merchantmen.

"The status of an armed merchant vessel of a belligerent," says the statement, "is to be considered from the point of view of a neutral when

the vessel enters its ports and from that of an enemy when the vessel is on the high seas. The statement treats at length of these differences in status and sums them up as follows:

"The status of an armed merchant vessel as a warship in neutral waters may be determined, in the absence of documentary proof or conclusive evidence of previous aggressive conduct by presumption, derived from all the circumstances of the case."

"The status of such vessels as a warship on the high seas must be determined only on conclusive evidence of aggressive purpose, in the absence of which it is to be presumed that the vessel has a private and peaceable character and it should be so treated by an enemy warship."

"In brief a neutral government

may proceed upon presumption that an armed merchant vessel of belligerent nationality is armed for aggression while a belligerent should proceed on the presumption that the vessel is armed for protection. Both of these presumptions may be overcome by evidence—the first by secondary or collateral evidence, since the fact to be established is negative in character; the second by primary and direct evidence, since the fact to be established is positive in character."

Then the statement goes on at length to take up the rights and duties of neutrals and belligerents as affected by the status of armed merchant vessels in neutral ports and on the high seas. It lays down the rule that while merchantmen armed only for protection against the enemy are entitled to enter and leave neutral ports with hindrance in the course of legitimate trade, they are not so entitled under certain circumstances.

The statement is about 2,500 words long and is intended to set forth in the language of international law the precepts by which the United States will be governed in its action in any circumstances growing out of the naval warfare of the European belligerents. It will have a far reaching bearing on submarine operations.

DEADLOCKED

OVER QUESTION OF RECOGNIZING UNITED MINE WORKERS OF AMERICA.

Anthracite Operators and Miners Face Possibility of Strike Involving 176,000 Men.

(ASSOCIATED PRESS TELEGRAM)
New York, April 26.—Deadlocked over the question of recognition of the United Mine Workers of America, the anthracite operators and miners today face the possibility of a strike involving 176,000 men. The general board of the mine workers union meets here today to receive the report of a sub-committee which was unable to reach an agreement with the operators sub-committee. Both the sub-committees will report to the general conference of both miners and operators but they have been unable to reach an agreement after seven weeks of discussion.

Unless this conference is able to find a way to break the deadlock, it will be left to the miners' convention at Pottsville, Pa., May 2, to determine whether the miners shall declare a strike. Representatives of the miners today expressed faint hope that further negotiations would be productive of results and said that not one of the eleven demands made by the miners had been granted by the operators.

YARMOUTH ALSO WAS BOMBARDED; 25 CASUALTIES

(ASSOCIATED PRESS TELEGRAM)

London, April 26, 3:22 a. m.—Twenty-five casualties in dead and wounded resulted from the bombardment of Lowestoft by German warships and the consequent running fight with the British light cruiser squadron and destroyers, so far as can be learned. All the British ships have returned safely, two of the light cruisers bearing signs that they had been hit by shells, but not in vital places. A few among the crews of the British warships were wounded, but not seriously.

Yarmouth was bombarded, as well as Lowestoft by the German warships which attacked the eastern coast yesterday. Four persons were killed and twelve wounded.

CRITICISM OF GOVERNMENT

Of Great Britain for Permitting Conditions Under Which Such a Movement As the Dublin Revolutionary Outbreak Could Have Been Possible—German Naval Chief to See Kaiser

There has been a halt in the heavy infantry fighting in the vicinity of Dead Man's Hill, northwest of Verdun, but the Germans are vigorously employing their artillery in the region west of the Meuse, foreshadowing an early resumption by the infantry arm.

The German gunfire, according to the afternoon Paris bulletin, was centered last night on first-line trenches north of Hill 304, and on the Avocourt wood, on the French left, while in the Woivre region, southeast of the fortress, the French lines were also subjected to big gun fire.

Paris reports a sensational engagement two miles up in the air off the Belgian coast before daybreak today between a French aeroplane and a Zeppelin. The aeroplane is believed to have damaged the German aircraft.

General military compulsion is foreshadowed in Great Britain unless untested married men come forward in sufficient numbers to satisfy military needs. At the secret session of parliament yesterday Premier Asquith stated that the government would ask parliament for compulsory power unless by May 27, 50,000 men had attested or if thereafter, 15,000 men were not secured each week until the total reached 200,000.

British newspapers are replete with comment of the situation in Dublin, where a revolutionary outbreak has occurred, there being considerable criticism of the government for permitting conditions under which such a movement was possible.

Sir Roger Casement, the leader of the separatist faction in Ireland, who was captured on the Irish coast while making an attempt to land arms, may be tried for high treason. The fact that he has been taken to London for trial leads to this assumption.

After conferring with James W. Gerard, the American ambassador at Berlin, Chancellor von Bethmann-Hollweg with Admiral von Holtzendorff, chief of the naval general staff, left for German headquarters to consult with Emperor William on the reply to the American note.

Because of the revolutionary outbreak in Dublin, that city and the county of Dublin have been placed under martial law.

Progress is being made in putting down the revolt, the occupation by the military of Liberty Hall, headquarters of the rebels, and of Stephens Green, which they had captured, being announced by the British authorities, who state also that steps have been taken to arrest all those concerned in the movement. Troops have reached Dublin from (Continued on Page 2, Column 4)

Primary Election a Farce; Each Licking County Vote Cost Taxpayers Nearly One Dollar

The first presidential preference primary was held in Ohio yesterday and in Licking county, as in other parts of Ohio, it proved a veritable farce. Only a little over twenty percent of the entire vote was cast in the county. In one precinct, Hanover North, not a single vote was cast. The election officials failing to exercise their right of franchise. In a number of precincts less than ten ballots were cast in each, making the votes cost the tax payers over \$3 per voter.

Not three thousand votes were cast in the county and had it not been for the Beal law election at Utica, and the school bond issues in Granville and Licking townships the vote would have been much lighter. Very few people took any interest in the primary and although the weather was fair the voters failed to put in an appearance.

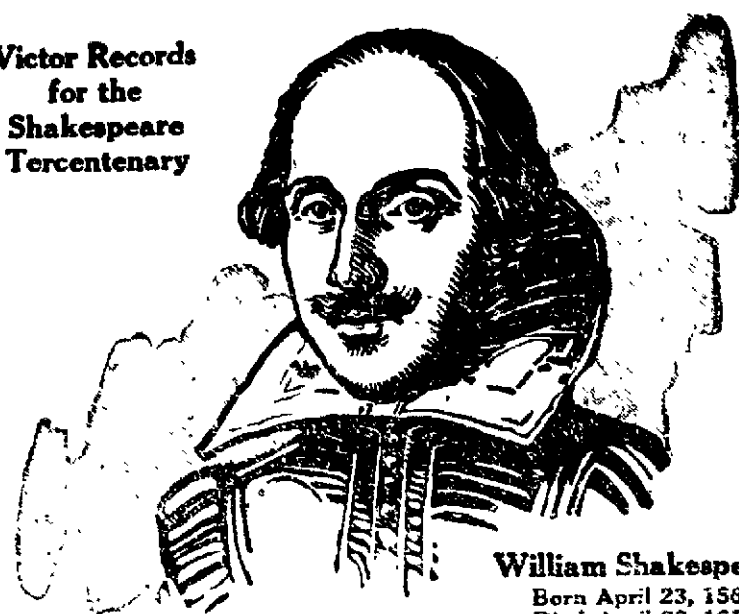

The cost of the primary to the taxpayers of Licking county will be between \$2,300 and \$2,400. The first precinct reported about 6 o'clock last evening, a half hour after the polls had closed. The twenty-nine city precincts were all in shortly after 8 o'clock. Up until

10 o'clock fourteen county precincts had reported and at that hour the board of deputy supervisors closed their office until this morning at 7 o'clock, when Clerk Michael Sachs reported for duty. All but three of the county precincts had reported at noon.

The vote for Newark city complete is as follows:

Presidential preference, Democratic
Woodrow Wilson 30%
For vice president:
Thomas R. Marshall 34%
Frank S. Monnett 3%
For delegate-at-large to national convention:
James E. Campbell 20%
James M. Cox 26%
Judson Harmon 25%
Frank S. Monnett 13%
Atlee Pomeroy 21%
For Democratic delegates from this district to the national convention are Columbus Brink and Fred T. Plinn. The alternates were John F. Gaynor and Joseph L. McDowell. There was no opposition and of course all were elected.
Thirteen delegates were to be elected.

ACCIDENT BOARDS DISCUSS SYSTEMS OF INFORMATION

(Associated Press Telegram)

Columbus, April 26.—Discussion of a uniform plan for gathering accident statistics and of means of eliminating conflicts between federal and state accident insurance, occupied the third annual convention of the International Association of Industrial Accident Boards and Commissions in session here today. Papers were to be read on these two subjects by Royal Meeker, United States commissioner of labor statistics, and A. J. Pillsbury, chairman of the California industrial accident commission.

The meeting of the association will be concluded tomorrow.

(Special to The Advocate)

Granville, April 26.—The voters of Granville township defeated the proposed bond issue of \$50,000 for the erection of a joint high school for the village and township at yesterday's election. The vote was 38 for and 102 against, the proposition being overwhelmingly lost.

SON CLEARS MAN OF MURDER OF HIS FATHER IN 1913

(Associated Press Telegram)

Toledo, April 26.—Jacob Schlan- sky, of Indianapolis, son of Joseph Schlan- sky, paymaster of that city, who was murdered in his store Sep- tember 22, 1913, said today that Fred Brokaw, alias Ellis, a prisoner here was not the murderer of his father. Brokaw is awaiting trial for alleged assault and robbery. It is charged that he inveigled a clerk for a dealer in second hand goods into a hotel room upon the pretext of having some goods to sell cheap and then committed the crime. Schlan- sky, who saw his father's murder- er, declared positively that Brokaw is not the man.

Light Vote and Little Interest
Shown at Ohio's Presidential
Preferential Primary.

(Associated Press Telegram)

Columbus, April 26.—Returns re- ceived today from the larger cities of Ohio made certain the election of the organization candidates for dele- gates-at-large to both the Republican and Democratic national conventions at yesterday's presidential preference primaries. Although it was the first election under the new primary law less than one-fourth the voters in the cities went to the polls while in the rural precincts only ten per cent of the vote was cast.

Former Senator Theodore E. Bur- ton of Ohio received the Republican vote on the presidential preference ballots while President Wilson, with- out opposition on the printed ballots was designated as the popular choice of the Democrats. William Grant Webster, Chicago attorney, whose name had been entered inadvertently as a candidate for president on the Republican ballot, instead of vice- president, received less than ten per cent of his party's vote.

A few voters wrote the names of their favorites on the ballots. The number of those who did this was small and is considered of little sig- nificance. The name of Henry Ford leads those written on. Both Re- publicans and Democrats wrote on his name. Theodore Roosevelt and Charles E. Hughes, followed Mr. Ford in order. A few votes were made out for Elihu Root and Charles W. Fairbanks on the Republican ticket and William J. Bryan and Champ Clark on the Democratic ticket.

The Republicans elected as dele- gates-at-large, Senator Warren G. Harding, Governor Frank B. Willis, John J. Sullivan of Cleveland and Col. William Cooper Proctor of Cin- cinnati. Dr. S. O. Griffin of Colum- bus, Matt Glaser of Cincinnati, and Ralph W. Taylor, mayor of Colum- bus all opposed to the regular can- didates, were defeated decisively.

The Democratic delegates-at-large were elected in the following order: Former Governor James M. Cox, former Governor James E. Campbell, former Governor Judson Harmon and Senator Atlee Pomerene.

Frank S. Monnett of Columbus, anti-Wilson candidate, received a substantial vote, the returns indicat- ed. His vote will approximate two thirds of the Pomerene vote.

Local bond issues brought many voters to the polls in some cities. In most instances these issues carried. State totals on yesterday's vote were not available today. It was said at the secretary of state's of- fice so little doubt remained con- cerning the election results that county election officials probably would not certify their reports until tomorrow.

BOND ISSUE DEFEATED

(Associated Press Telegram)

Toledo, April 26.—Toledo's pro- posed bond issue of \$1,500,000 was decisively defeated at yesterday's primary election. About 25 per cent of the registered vote was cast. Or- ganization candidates were elected for delegates-at-large to the national conventions. Democrats elected 10. John Bolan and Smith L. Welch, and Republicans Noah H. Swayne and John N. Wilkes as delegates to the national convention from the Ninth district.

**NOT A VOTE IN
HANOVER NORTH;
SETS PRECEDENT**

Not a vote was cast yesterday in the new Hanover North precinct, though six election officials, duly appointed, were on duty. Even these six officials failed to cast a ballot.

When this information was brought to the office of the election board last night, the deputy state supervisors were stunned. As far as is known, this is the first instance of an entire electorate failing to exercise its sacred right of franchise, since the Australian ballot system was adopted in Ohio.

No reason was assigned for the Hanover precinct officials for their failure to vote.

The election board was inclined to censure the officials for their act but it was decided to defer any action contemplated until statements were received from all the officials.

There is no law compelling a precinct official to cast a ballot but the deputy supervisors hold that voters sufficiently interested in an election to draw their per diem for serving as judges and clerks, should also show enough interest to issue to themselves, mark and count six bal- lots in the course of 12 hours on duty, particularly when this is the only task they have to perform on that day.

West Side wards, which will have to stand most of the cost of flood protection plans, cast heavy votes against the bond issues.

A SURE GERM KILLER

Druggists here are selling hyclorite, a wonderfully effective antiseptic and germ killer. It is powerful, yet abso- lutely safe, because it is not an acid and cannot stain or blister. It simply acts quickly in all cases of infection. Too much care cannot be given to scratches, bruises, or hurts. Hyclorite should be in every home and applied quickly when accidents occur. It is pure, dependable, and can be used for many purposes right in every home.

**FRENCH AIRSHIP
FIGHTS A DUEL
WITH ZEPPELIN**

(Associated Press Telegram)

Paris, April 26, 12:30 p. m.—A French aeroplane and a Zeppelin fought a duel at an altitude of 4,000 metres off Zebrugge today. The aeroplane fired nine incendiary shells at the Zeppelin, which ap- pears to have been damaged.

The engagement, occurring more than two miles above the earth, was fought at 3 o'clock this morning. At the same time another French acro- plane armed with cannon, fired nu- merous projectiles on a German tor- pedo boat off Ostend.

A German aeroplane of the Fokker type, was brought down in an aerial combat near Luneville, France.

FRIENDS IN NEED TURN OUT TO BE FRIENDS IN DEED

BY ADVISING MRS. WM. SPINKS
TO TAKE RESCUE IN NERV-
WORTH.

Mrs. Spinks lives at 1008 Ridge avenue, Zanesville. Her statement, which follows, is very convincing:

"I was very much run down. Very weak and nervous. After my day's work was done I had to lie down in bed, and try and get myself together. I was very despondent and worried over everything. Stomach and digestion badly disarranged and no appetite. I am nursing my baby and did not seem to have the strength and power to do so.

"I was advised to try Nerv-Worth by my friends who had benefited by it and sent to Fox's drug store, corner Ridge avenue and Belknap street, and secured a bottle and commenced using it as directions explained and am glad to state that I commenced to improve by the time I had taken one bottle.

"And I am now as well as ever, having used but three bottles. I tried many other remedies but they did me no permanent good. My mother, Mrs. Whartenbe of Schaumburg avenue, knows of my condition and will state what great benefit Nerv-Worth has been to me.

"I cheerfully and enthusiastically recommend Nerv-Worth to all persons similarly afflicted. I eat and sleep well and feel cheerful and ambitious and my baby is strong and healthy, even after having the measles.

SUNDAY PROGRAM IS ABOLISHED BY REDPATH COMPANY

Equipment Will Remain in Newark
an Extra Day — Manager Announces Important Change.

Declaring that Chautauqua lecturers, entertainers and musicians are as much entitled to one day of rest in seven as are those engaged in any other occupation or profession, W. V. Harrison, general manager of the Redpath Chautauquas, Columbus, O., has introduced an innovation of wide interest in this and neighboring states. He has eliminated the Sunday program on his entire Chautauqua circuit in Ohio, West Virginia and Kentucky. Newark and other cities on the circuit are not to suffer by the change, for it is announced that the equipment will remain eight days instead of seven in each place, thus providing for the usual seven-day program. The only difference is that Sunday is left open.

FOSTER PAYS A FINE BUT SAYS HE WAS SOBER

Clarence Foster, of Centerburg, arrested and fined last week on a charge of intoxication, was released here because of the death of his mother and when he left he promised to mail to the mayor, the amount of his fine. He kept his promise, but in Mt. Vernon yesterday he denied that he was drunk, saying that his arrest was the result of spite work.

DETECTIVE IN GUN FIGHT IS KNOWN HERE

Detective Albert Wegener of the Cincinnati police force, who yesterday shot and probably fatally wounded William Groendike after the latter had killed Policeman Samuel Robbins in a gun battle, is well known to local police officials. He assisted the local department in locating diamonds stolen from Mrs. Blanche Graef a year or more ago and later was called to Newark to testify in the case which was brought before the grand jury.

SCHOOL HEADS BLAME MOTHERS

Say Parents Neglect Primary Health Rules

That many school children are being allowed to become chronically constipated through parent's oversight, is a startling fact brought to light by recent investigation by school authorities. Hastily snatched meals so that there will be more time to play, the use of ready-to-eat cereals, and the general neglect of the call of nature are given as principal causes.

It is the duty of mothers to see that children attend to the call of nature before going to school.

However, a laxative is sometimes needed, and this should be the old reliable, healing, natural vegetable treatment for constipation—castor oil—the only remedy that doesn't form a habit.

In the new jellied form known as CASTOR-JELL it is easy to take. CASTOR-JELL is simply 94 per cent pure castor oil, whipped into jellied form and with a delicious orange flavor added. On sale at R. W. Smith & R. F. Collins' Drug Store, The Castor Products Co., Cleveland, O.

"Put your homes on a business basis" was the advice given by Miss Emma Hanko, domestic science instructor, at the Advocate's Better Foods, Better Homes school, which was held on Tuesday evening at the High School Auditorium.

In the lecture which always precedes the demonstrations, Miss Hanko spoke on "The Business of Housekeeping." When business is first mentioned in connection with housekeeping, women usually appear disconcerted, but there is probably no place where business methods would prove more efficient than in the home and with a little effort a woman in a year or two could greatly curtail her expenditures, and still have a better home. A family budget is the first step, and the budget should take into consideration whether you know your income and then you can control the expenditures.

Each expenditure should be jotted down, and the items balanced once a week. There should be an emergency fund and every housekeeper should aim to put a stipulated amount in it each month and even if this requires some sacrifice on the part of the family it should not be neglected.

The speaker demonstrated the making of Welsh Rabbit and samples of it were passed to the audience. Banana fritters were demonstrated, and the work concluded with the remarkable feat of baking ice cream, which is prepared through the theory of insulation. The brick of ice cream is placed on a layer of cake, and is then insulated with stiffly beaten egg whites, into which has been placed some sugar. This is spread completely over the ice cream, and it is placed in the oven for about twelve minutes. The meringue is nicely browned but the ice cream remains solid.

On Tuesday afternoon Miss Hanko conducted a butler's, eggless, milkless cake, which she confessed was more of a pudding than a cake, and after carefully explaining the method of the fireless cooker, the cake was placed in it to bake. With regard to the fireless cooker, Miss Hanko told her class to determine what work was to be done in it and then to get the right kind of appliances. Also the cooker must be scrubbed every time it is used, for odors remain in it.

Her talk for the afternoon was on "Food Values" and she explained a food unit. Scientists after experimenting have determined that different amounts of different foods give a different food value. As it was impossible to make a food unit a single article it was determined that a portion or unit should contain 100 calories. In explanation she said that four olives had the same food value that one egg had. Olives are heavier and have a great concentration of strength, while an egg is 73 per cent water, and don't blame the milk man for watering the milk for it is 87 per cent water. In feeding a person many things are to be considered—their employment, age, sex, and also the climate. For the normal person 9 portions of food are necessary. Nature intended all foods for all persons, and the intelligent person will soon know if a food does not agree with him and will discontinue its use. All people eat three times as much as is necessary. Meat once, twice or at the greatest three times a week is all that is necessary. Meat in its final digestion is the greatest tax on the kidneys.

Plain pastry and short cake pastry were demonstrated and Banbury tartlets were also shown to the class. There will be no session held on Thursday, but the school will be resumed Friday and Saturday afternoons at the same hour, 2:30 o'clock.

JITNEY BUS MAY MAKE TRIPS ON NATIONAL ROAD

Cecil A. Bigbee and Frank M. Blair, both of whom are interested in the Hudson avenue jitney bus, which has caused much controversy in the past few weeks, are today making trial runs between Hebron and Zanesville, over the National Pike, and it is probable that a regular scheduled service will be arranged and trips made daily between these points. The big bus was taken off the local streets yesterday and it was the intention to equip the bus with cushion tires and resume the local schedule, but those interested decided to investigate the possibility of a Hebron-Zanesville run. If it is decided to place the bus in service on the Pike, freight and passenger traffic will be handled.

TO MAKE EFFORT TO QUICKEN WORK OF SUPREME COURT.

(ASSOCIATED PRESS TELEGRAM)
Washington, April 26.—An effort to facilitate the work of the supreme court so that it might possibly dispose annually of all business before it is to be made at the present session of congress.

The first step in the proposed big reform has been taken by Senator Overman, of North Carolina, in introducing a bill the effect of which, it is believed, would be to cut down the number of cases now going to the court as a matter of right one-fourth or one-third, the bill will be considered shortly by the senate judiciary committee.

sonings if needed and enough green color to make it look pretty. Dry celery and mix with almonds, then toss them into dressing. Serve on lettuce leaves.

Pound Cake
2 cups sugar
2 cups crisco
12 eggs
3 tablespoonsful brandy
4 cups flour
2 teaspoonful salt
1/2 teaspoonful powdered mace
Cream crisco and sugar thoroughly together, add yolks of eggs well beaten, fold in whites of eggs beaten to a stiff froth, add brandy, flour, salt and mace, and mix lightly and quickly. Turn into a papered cake pan and bake in a slow oven for one hour and twenty minutes.

Rolls.
3 tablespoonsful crisco
2 tablespoonsful sugar
2 tablespoonsful salt
2 cupsful scalded milk
1 yeast cake, dissolved in 1-4 cup-ful lukewarm water
Flour
Add crisco, sugar, and salt to milk; when lukewarm add dissolved yeast cake and three cupsful of flour, beat thoroughly, cover and let rise until light. Cut down, and add flour enough to knead. Let rise again, toss on a slightly floured board, knead, pat and roll out to one-third inch in thickness. Shape with biscuit cutter. Dip the handle of a case knife in flour and with it make a crease through the middle of each piece. Brush over one-half of each piece with melted crisco. Fold and press edges together. Place in a pan greased with crisco one inch apart, cover, let rise and bake in a hot oven 12 to 15 minutes.

Twin Mountain Muffins.
3 tablespoonsful crisco
1/2 cupful sugar
1 egg
2 cupsful flour
3 teaspoonfuls baking powder
1/2 teaspoonful salt
3/4 cupful milk
Cream the crisco, and add sugar gradually, then the beaten egg. Next add the flour, sifted with baking powder and salt, alternating with milk. This will make ten or twelve muffins. This mixture may be spread in one pan and cut into squares after baking and served with a sauce for dessert. One cupful of berries or other fruit may be added and the mixture steamed for a pudding.

FRECKLES AND BLOTCHES ARE EASILY PEELLED OFF

If you are bothered with any unsightly blemish, it is a poor plan to use paint powder, or anything else to cover it up. Too often this only emphasizes the defect. Besides, it's not healthy, and it's a nuisance. Apply nightly, the wax will gradually remove freckles, pimples, moth patches, liver spots, sallowness, red blotches or any surface eruption. The affected cuticle is absorbed, a little each day, until the clear, soft, youthful and beautiful skin beneath is brought wholly to view. Ask the druggist for one ounce of mercolized wax and use this like you use cold cream. Remove every morning with soap and water. Many who have tried this simple, harmless treatment report astonishing results. If troubled with wrinkles or furrows, a wash lotion made by dissolving 1 oz. powdered salixite in 1/2 pint witch hazel, will prove wonderfully effective.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat If You Feel Backache
or Bladder Troubles You—Salts
Is Fine for Kidneys.

Meat forms uric acid which excites
and overworks the kidneys in their
efforts to filter it from the system.
Regular eaters of meat must flush
the kidneys occasionally. You
must relieve them like you relieve
your bowels; removing all the acids,
waste and poison, else you feel a
dull misery in the kidney region,
sharp pains in the back or sick head-
ache, dizziness, your stomach sours,
tongue is coated and when the
weather is bad you have rheumatic
twinges. The urine is cloudy, full of
sediment; the channels often get ir-
ritated, obliging you to get up two
or three times during the night.

To neutralize these irritating acids
and flush out the body's urinous
waste get about four ounces of Jad
Salts from any pharmacy; take a
tablespoonful in a glass of water
before breakfast for a few days and
your kidneys will act fine and blad-
der disorders disappear. This famo-
us salts is made from the acid of
grapes and lemon juice, combined
with lithia, and has been used for
generations to clean and stimulate
sluggish kidneys and stop bladder
irritation. Jad Salts is inexpensive;
harmless and makes a delightful
effervescent lithia-water drink which
millions of men and women take
now and then, thus avoiding serious
kidney and bladder diseases.

ESTABLISHED IN 1820

Entered as Second Class Matter March 10, 1882, at the postoffice at Newark, Ohio, under Act of March 4, 1879.

"You Can Take It Or Leave It."

The story is told of a typical old-time merchant, whom when anyone hesitated on a purchase, remarked, "You can take it or leave it. I don't care whether I work or not. If you don't want it, someone else will."

That spirit might serve in the old times. In those days, styles changed little and merchants carried goods over from year to year. They could be fairly sure that if they didn't sell this season, they would at some other.

The present is a time of changing styles. Live merchants clean up stock and get fresh goods. They would not dare do otherwise. What is good style in 1916, may be outlawed in 1917.

The only way to clean up stock at each season is to advertise it in the newspapers. The man who doesn't is too apt to be the old-timer who "didn't care whether he worked or not."

Building Sidewalks.

One of the problems that the modern town has to meet, is the building of sidewalks fast enough to meet the needs of the community. High cost of labor and material, higher standards of public comfort, make it an expensive proposition. Most towns spread out now in a scattered way, and do not huddle together as they used to. It was comparatively inexpensive to provide walks for an old fashioned concentrated town, but very costly to build them past all the vacant lots in the outskirts.

But there seems a certain injustice in spending a lot of money for road improvement, and doing little for the great mass of people who walk. The practical result in many places is to drive the pedestrian element to the middle of the street, where they suffer discomforts of dust, dirt, and mud, to say nothing of having to turn out for every vehicle that passes.

The man who demands now the finest type of cement walk, was pleased as a boy when they ran a tar concrete walk past his house. His father probably thought it a great advance when they laid a cinder or gravel path. However, a town must keep up with the times, and it has to compete with its neighbors.

The great majority of places seem to be laying cement walks. It is costly, but probably pays in the long

Bird Migration.

Amateur bird students of Ohio will within the next two and three weeks have their special annual opportunity to see and hear these charming little feathered folk that they have been reading about, for the great hosts of wild birds that have been enjoying a lengthy winter vacation in Central and South America and southern Mexico, are due to start on their northern migration.

The birds spread out over the United States and Canada and take up the serious domestic affairs of rearing their families.

The National Association of Audubon Societies advises that you get out your field and opera glasses and organize your bird parties for early morning visits to favorable localities of observation.

Dr. Eugene Swope, Ohio Field Agent for the National Association of Audubon Societies, reports that the forerunners of the vireos, warblers and sparrow hawks have appeared in southern Ohio.

Last year Dr. Swope organized over 16,000 girls and boys into bird clubs, and at this early date this year, over 14,000 more have joined these clubs. Among these are hundreds of ardent bird students. The number of adult bird student in Ohio have increased 300 per cent within the last twelve months.

Congress is said to be more friendly to the anti-child labor bill. It is recognized that children one day grow up and become constituents.

An experienced politician never appears before the voters in a dress suit, and it is risky having his trousers creased.

Many people stay at home from the primaries to spite the politicians, as a result of which the politicians have their own way.

Price of Unpreparedness.

(Chicago Herald.)

Japan's protest doubtless means the end of the Burnett immigration bill for this congress. Though twice passed by both House and Senate and lately repassed by the House by an overwhelming majority, means will presumably be found to prevent its further progress. Yet the bill raises no new issue, and merely enforces into law Japan's voluntary agreement to restrict immigration. It is easy to understand why Japan seizes this special moment to dictate how the United States shall act on a purely domestic question.

ASTRONOMICAL EVENTS.
Evening stars: Mars, Saturn, Mercury. Morning stars: Venus, Jupiter. Constellation Hydra extends across the southern sky near the horizon.

—The terms on which we will admit aliens to residence. Three years of denaturalization of our navy have impaired faith in its efficiency. The Mexican expedition has revealed how pitifully inadequate is our army. Many of our congressmen and multitudes of our people wholly miss the vital point of our dispute with Germany. Our President is censured and even reviled for standing up for humanity's rights and national honor.

Observing our distraction and division how we are flouted across the Rio Grande and across the Atlantic, how slow we are to prepare to back our brave words to aggressors with deeds, and how many of our accredited spokesmen insist that we turn the other cheek to every outrage—observing these things, it is entirely natural that Japanese statesmanship, steeped to the core in the most materialistic "realpolitik," should seize the opportunity to lodge this protest at a time which makes it almost an unveiled threat.

"Should the Burnett bill pass the Senate," says Mr. O'Laughlin, the Herald's well-informed Washington correspondent, "the President will veto it. The President will be compelled to bow to the wishes of Japan." There is no British navy between us and Japan. Though we know that "right" is no less on our side we may not speak to Tokio as we may to Berlin.

Japan's threat may cause a whole some revision of many current opinions about Japan in this country. It may lead us to understand that we have to confront in the Japanese demand for "equality" not only for Japan among the family of nations but for Japanese among our own people in all the relations of life. It may lead us to regard Japanese self-esteem less megalomaniac—

However diverting a megalomaniac—at a safe distance—when he stands on our doorstep with a gun demanding equal place at our fire-side he ceases to be amusing.

This is to be forced to abandon interdicted action on a purely domestic policy by display of Japan's guns must seem a deep humiliation to many Americans. Thus to be forced to disclaim our intention to exclude from our national household a variety of aliens whom most of us feel that we could not assimilate if we could and would not if we could may even stir the blood of our most amiable peace-at-any-price.

To feel compelled to drink the bitter medicines that have been set to our lips from across the Atlantic, from across the Rio Grande and now from across the Pacific—to be forced to swallow these draughts and smile—all this is of course the price of unpreparedness. It is the penalty for insisting on living in a fool's paradise, fondly believing that no matter what happens to others we shall escape, sunk in the delusion that to be free from insult and outrage and have peace we have only to desire peace and pass resolutions in favor of peace.

Military Genius and Efficiency.

(Saturday Review.)

A German officer taken prisoner at Dixmude at the time of the drive toward Calais, when he learned how weakly the line in front of him had been held burst into tears and exclaimed "If we had only known!" There we discover the Achilles heel of this Prussian system. It does not take the chances which genius takes, or have any of the institutions which genius has. Napoleon, one feels, would have known, or acted as if he had known. But there is no Napoleon in the Prussian camp. Napoleon would not have allowed the English after Le Cateau to achieve the miracle of their escape. The English escaped owing, apparently, to the massive inertia of the German machine, which rolled upon its appointed way, taking no chances. German leadership is sound. It makes few mistakes which thorough competence can avoid. It is worthy of close study and continuous respect. But it has not so far shown any of the qualities we associate with true military genius.

Has Ford Beaten Roosevelt?

(New York World.)

Until the Nebraska primaries were held, The World believed that Roosevelt would be nominated for President by the Republican National convention. We are not so sure now.

Henry Ford's victory in the Republican primaries in Nebraska, following his victory in the Republican primaries in Michigan, is a body-blow to the Roosevelt candidacy. It shows that, entirely apart from the regular Republican opposition to Roosevelt, there are tens of thousands of rank-and-file Republicans in the Middle West who are irrevocably opposed to his jingoism, his militarism, his imperialism and his pickback imitations of the Kaiser.

With this vote against him, Roosevelt is not worth much to the Republican managers. They would be willing enough to deal with him if they thought he could help the ticket, but they are decidedly averse to bargaining for additional political liabilities.

Roosevelt's part in the negotiations is to prove that the Republicans want him. The Nebraska and Michigan primaries show that he has stubbed his toe again. Unless he can manage to recover the trenches that the Ford vote now occupies, we should not give much for his chances at Chicago.

Roosevelt seems to have made the same kind of mistake that the German Government made when it invaded Belgium. Its theories may have been well considered, but, unfortunately, those theories failed to fit the subsequent facts.

The Majesty of the Law.

As an item of further evidence as to the majesty of the law there is the record of a New Jersey jury which at four meals at public expense, drew \$24 in salary and spent one whole night in reaching a decision that a citizen was not guilty of stealing a rooster that was valued at 63 cents.—Providence Journal.

More Convincing.

In one way the war is becoming more convincing. Instead of taking 10,000 prisoners or 15,000 prisoners in a bunch every time, the official reports now mention 542 prisoners or 321 prisoners, or something like that.—Indianapolis News.

TRAINING CAMP TO TEACH WOMEN RED CROSS WORK

COURT WILL DECIDE NUMBER OF SALOONS TO BE AT PUT-IN-BAY.

(ASSOCIATED PRESS TELEGRAM)

Toledo, April 26.—The three judges of the court of appeals in session here this week will determine the number of summer saloons to which Put-In-Bay is entitled. In the Ottawa county common pleas court recently Judge William Weierman refused to grant an injunction in the case of Louis Deisler against the Ottawa county liquor license board to restrain it from issuing more than one license. Deisler contended that the island, having a permanent population of less than 500 is entitled to only one saloon. Common pleas court held that there can be six during the summer, based upon the average daily attendance at the resort during the season.

NEIGHBORHOOD PRAYER MEETINGS

The weekly prayer meetings will meet this week at the following homes for prayer and Bible study. I have arranged a series of subjects suitable for the season from Easter time right to the Whitsun season which will take in the appearance of Jesus after His Resurrection to His Ascension, and the places He visited during the said period. I feel sure that if this list is preserved and studied that it will give an intelligent study to that part of His life, and further localizing the places He visited make the study more real, rather than an indefinite and vague comprehension of so important a period in His life.

April 27. First and second appearance. Mark 16:9; Matt. 28:9-10.

May 4. To Peter. Luke 24:34.

May 11. To the two disciples at Emmaus, seven miles west of Jerusalem. Luke 24:13-22.

May 18. To 10 apostles (Thomas absent) in Jerusalem. John 20:19-24.

May 25. To the 11 apostles, eight days after in Jerusalem. John 24:19-24.

June 1. To the apostles in Galilee; His third appearance to them. John 11:1-14.

June 8. To the apostles on the mountain there. Matt. 28:16.

June 15. To more than 500 at once in Galilee. 1 Co. 15:6-7.

June 22. At His Ascension. Luke 24:50-53; Acts 1:9-10.

A number of members of Newark Chapter of the Eastern Star went to Hebron on Tuesday evening to attend the inspection of the Hebron chapter. There were about twenty women in the Newark party, and following the inspection a delicious supper was served.

On last Friday evening Newark Chapter had inspection at the lodge rooms, in the Modern Woodmen Hall. Representatives were present from the chapters at Pataskala, Hanover, Jacksontown, Granville and Fredonia. Following the inspection there was a banquet and entertainment.

The wedding of James M. Donnelly and Helen M. Moran will take place tomorrow morning at 8 o'clock at St. Francis de Sales church.

The members of the Needle Players club were delightfully entertained by Miss Magdalena Reichart at her home in Harrison street on Monday evening. The evening was spent in music and sewing. Master Leo Reichart and Mary Stump sang and played a number of selections. At a late hour the guests were ushered to the dining room where a delicious supper was served. The table was centered with clusters of cut flowers, ribbons were strung from the center of the table to each place.

What Ails You?

The best time to cure a cough is when it starts. Ordinarily, a few doses of Dr. Pierce's Golden Medical Discovery will cure a cough at the beginning. But even when the cough is deep-seated and the body is wasted by emaciation, "Medical Discovery" will in most cases effect a permanent cure.

If you become run-down, weak, anemic, pale, or a long sign of "cured" me. Does the skin shine? Is the blood thin and watery? Spring is the time when vitality is at its lowest ebb—clean house now by ridding the body of its accumulated poisons. Refresh the blood with a stimulating tonic.

Dr. Pierce's Golden Medical Discovery, free from alcohol or narcotics and extracted from roots and barks with pure glycerine, banishes from the blood all poison and impure matter,

Wooster, Ohio.—"I am very well pleased with 'Golden Medical Discovery.' I had throat and lung trouble. Six bottles of 'Golden Medical Discovery' cured me so that I had no sickness for a long time. This was when we lived near Canton in Stark Co., Ohio. We are never without Dr. Pierce's Pleasant Pellets. We keep them in the house and use them for biliousness as they are needed. As our experience with these remedies covers over seventeen years, it ought to have weight as a recommendation."—Mrs. J. H. CHRISTINE, South Grant Street, Wooster, Ohio.

The modern improvement in pills—Doctor Pierce's Pleasant Pellets. They help Nature instead of fighting with her. Sick and nervous headache, biliousness, costiveness, and all derangements of the liver, stomach and bowels are relieved, prevented, cured.

Absolutely Pure

Made from Cream of Tartar, derived from Grapes

The quality of cake, biscuits and other flour foods is very largely determined by the ingredients of the baking powder with which they are made.

The most eminent scientists and food authorities are on record to the effect that a cream of tartar baking powder is the most satisfactory because of its healthful properties. It leaves no unwholesome residues in the food and renders the biscuit and cake healthful, appetizing and digestible.

Royal Baking Powder

is made from Cream of Tartar, derived from Grapes

Miss Emma Hanks, the lecturer in The Advocate's Free School of Home Economics, and Domestic Science teachers and lecturers generally, use Royal Baking Powder because they know it can always be relied upon to make the finest and most wholesome food.

The concluding number of the series of concerts given under the auspices of the Women's Music Club, at the Auditorium Tuesday evening, proved as delightful as the three numbers which have preceded it. Miss Marie Hertenstein pianist, and Mr. Paul M. Althouse, tenor, were both artists of unusual merit, and probably no singer of the ability of Mr. Althouse has been heard before in Newark.

The audience, which was an unusually large one, being an increase over that of the other concerts, responded enthusiastically to the numbers. Mr. Althouse, who alternates with Caruso in many tenor roles for the Metropolitan Grand Opera Company, possesses a voice of tremendous appeal and wide range, and his program was so varied as to present its beauty most forcibly.

Miss Hertenstein who had been heard by many Newark people, at her recent appearances in Columbus, was warmly welcomed.

Her interpretation, firmness of touch and strength of expression, were evident in all her numbers. The success of these concerts have meant much to the Women's Music Club. These few women in their interest in the betterment of Newark, have striven earnestly to make this, their first venture, a success. They dared, where many would have faltered and in aiming to present the series, they secured nothing but the best artists obtainable. The concerts were so arranged that season ticket holders were enabled to see a variety of artists, and the response to their efforts has been generous.

Newark has long felt the lack of an opportunity to become more familiar with the better things in the world of music. If the Music Club has been able to accomplish so much in the short time in which it has been organized, it is more than probable that next year, will find it working on a more elaborate scale.

The Women's Music Club will hold

WHAT YOUR NERVES NEED

Whatever medication, whatever renewed strength and vigor can be imparted to the nerves must reach them through the blood. Dr. Williams' Pink Pills are a nerve tonic but they act on the nerves through the blood, enabling the blood to carry to the nerves the elements needed to build them up. Neuralgia, sciatica, sick headache and a number of more severe nervous troubles are properly treated by building up the blood with Dr. Williams' Pink Pills and are often entirely corrected in this way.

If you are nervous you can help yourself by refusing to worry, by taking proper rest, sleep and vacations, by avoiding excesses and by taking out-door exercise. For medicine take Dr. Williams' Pink Pills, the non-alcoholic tonic.

Sufferers from nervous disorders who have been taking treatment without benefit should investigate the tonic method. Write today to Dr. Williams Medicine Co., Schenectady, N. Y., for the booklet, "Diseases of the Nervous System." It will be sent free on request.

Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail on receipt of price, 50 cents per box, six boxes for \$2.50.

For the benefit of her classes and those desiring to study with her she begs to announce that lessons will begin upon her return after the Festival, about May 12. Appointments can be made at once by phone. 26-11

The Sick.

Miss Goldie Ruthman, an employee of the Swisher cigar factory, was taken ill this morning while at work. The Bradley ambulance removed her to her home, Case avenue and Le Roy street.

Miss Mabel Metz is ill at her home, 521 East Main street.

Everyday Etiquette

"When some one addresses you and you have not heard correctly, what should you say?" inquired Dora.

"When you do not understand something that has been said to you, you may say: 'I beg your pardon,' or 'I did not understand.' Never say 'What' or 'Huh' as they are not polite," said her sister.

Obituary

Death of Sister. Mrs. Charles Glenn of Indiana street received word yesterday of the death of her sister, Mrs. Martha Luckrider, which occurred April 22, at Vinita, Okla. Interment was made at that place Monday. Mrs. Luckrider was well known in this city and had visited here on several occasions.

Mr. Martin's Funeral. The funeral of Thomas Martin was held this afternoon at 1:30 o'clock at his late home, 394 Arlington avenue. Rev. W. D. Ward officiating. Burial in Cedar Hill cemetery.

Child's Funeral. The funeral of the infant Parkinson, who died yesterday soon after birth, was held this afternoon at the home north of the city, Rev. Mr. Stuckey conducting short services. Burial at Pataskala.

Mrs. Margaret Norman. Mrs. Margaret Anne Norman, widow of the late John H. Norman, died at her home in Buckingham street at 4 o'clock Wednesday morning, after an illness of three months.

Mrs. Margaret Anne Berry was born in Blairsville, Pa., January 12th, 1832, and her childhood days were spent in New Castle, Pa. She was married to John H. Norman, August 11th, 1848, in Allegheny City, Pa. Seven children were born to this union, four of which have preceded her to the promised land. They are: Mary Norman Henry, Elizabeth Norman Henry, Drusilla Norman Harper, and John F. Norman; the living are: F. B. Norman, 197 Buckingham street, Oliver Norman of the home, and Mrs. Charles Henry of Coshocton. She leaves besides her children, 13 grandchildren, 9 great-grandchildren, besides a host of relatives and friends to mourn her loss.

Mrs. Norman has been one of the most highly respected and esteemed colored residents of this city for 55 years. She was a faithful and consistent member of the A. M. E. church and attended faithfully to her church duties until she became too feeble to attend.

The funeral arrangements have not been completed.

Card of Thanks. We desire to extend our heartfelt thanks to Revs. Cox and Norris, to members of both U. B. churches, to Mr. Bradley and Stewart, to the Red Men, to the G. A. R. men, and to all relatives, friends and neighbors for their kindness and help during the sickness, and death of our beloved husband and father, and to all for the beautiful floral offerings. Mrs. John A. Jamison and Children. 4-26-11*

Birth Announcement. Mr. and Mrs. George Moore of Vine street, announce the birth of a son, Easter morning.

ZANESVILLE'S EPIDEMIC. (ASSOCIATED PRESS TELEGRAM) Zanesville, O., April 26.—The death rate here from measles continues at one every three days. The number of victims of the epidemic, which broke out nearly two months ago, is eighteen.

GERMAN OPINION IS STILL DIVIDED ON AMERICA'S DEMANDS

(ASSOCIATED PRESS TELEGRAM) Berlin, April 25, 10:34 a. m., via London, April 26, 12:28 a. m.—Public opinion in Germany respecting the American note remains divided in two main directions. One, represented by Count Ernest von Reventlow, the naval expert of the Tages Zeitung, and his adherents, which is small but vociferous and powerful, continues to assert it would welcome a breach with America with a feeling of relief. The attitude of the other group is indicated by a remark by Theodor Wolff in this morning's Tages Blatt that not they but England and other enemies of Germany would welcome a breach "with a feeling of relief."

What will come out of the deliberations now progressing, concerning the note cannot be known or indicated in advance, but it can be said that the attitude of responsible leaders is plainly that indicated by Mr. Wolff and that, whatever the decision may be, it will be reached with a full appreciation of what a rupture might mean.

Comment in the press displays neither optimism nor pessimism, but simply a full realization of the gravity of the crisis which must be met and confidence that the leaders of the empire be guided by the empire's interests.

BANK EXAMINER IS ACCUSED OF EMBEZZLEMENT

(ASSOCIATED PRESS TELEGRAM) London, O., April 26.—Trial of Clement Baxter of Lima, former state bank examiner, on an indictment charging embezzlement in connection with state supervision of the defunct Columbus Savings & Trust company, was begun here at one o'clock this afternoon.

The case was called Monday afternoon, a jury was obtained before adjournment and the court took a recess until today.

Judge R. G. Hornbeck, who will hear the case, has announced that he will order the jury taken to Columbus to view the Columbus Savings & Trust building, where the embezzlement is alleged by the state to have taken place.

The elevator boy naturally has to learn the business from the ground up.

Personal

Mrs. Mabel Pheasant is in Mansfield today on business.

Prof. Oscar L. Dustheimer has returned to his home in Berea, O., where he will take up his regular work in the Baldwin Wallace college. After a delightful visit with relatives in Columbus, in which city he attended the state teachers' association Friday and Saturday. After he delivered his address Saturday morning he came to spend Easter with his parents, Mr. and Mrs. L. A. Dustheimer, of Jacksontown, O.

Miss Florence Ottman of Utica, who has been the guest of Miss Camille Windle of North Fourth street, has returned to her home.

Mr. and Mrs. J. Robe, who have been spending the past few days in Pittsburgh, returned to their home in Woods avenue today.

Paul Sachs of Wyoming street is on a business trip to Xenia.

Misses Rose and Elizabeth Moran of Cleveland, O., are visiting at their home in South Sixth street for a few days.

Mrs. Mary Mortley Hays and daughter June are visiting Mrs. S. V. Paine in Columbus.

UTICA

Dr. and Mrs. E. F. Dowds are visiting relatives in Cincinnati. The doctor expected to undergo a slight nasal operation.

Mr. and Mrs. C. W. French spent over Sunday with friends and relatives in Columbus and Mt. Vernon.

Mrs. Cora Watson and little Miss Katharyn of Columbus are visiting Mrs. Watson's mother, Mrs. C. Simkins on North street.

The various churches in our village conducted a week of service preparatory to the Easter program.

The Saturday Review club met Saturday with Mrs. G. T. Ely. This was the regular annual business session at which the following officers were elected for the year 1916-17: President, Mrs. A. S. Alsdorf; vice president, Mrs. Chappell; secretary, Mrs. Thatcher; treasurer, Mrs. W. A. Alsdorf; Librarian, Mrs. Bell; executive committee, Mrs. G. T. Ely, Mrs. H. C. Bell, Mrs. C. L. Roberts, Mesdames Ogg, Mergler, Harris, and Burgett were elected to membership.

At the regular annual election held in the chapel room Monday morning the following "Builder" staff for next year was elected: Editor-in-chief, Eleanor Kirkpatrick, assistant editor-in-chief, Florence Kirkpatrick; business manager, Theodore Parker; assistant manager, Howard Wright; literary editor, Evert Meek, athletic editor, Albert Williams.

Mr. and Mrs. J. Hood of near Lock, spent Sunday with friends here.

A large number from here attended the county school exhibit held in Newark last Friday and Saturday. About 75 pupils were eligible to take part in the spelling contest. Miss Lucille Loyd was on the evening program for a vocal solo.

Miss Eva Du Hadway who is attending school at Athens was home over Sunday.

The time set for the local High school play is Friday and Saturday evenings, May 19 and 20. The class is working hard and expects to give the best play that has yet been given. The title of the play this year is, "As a Woman Thinketh." Commencement will be held Friday evening, May 26. Dr. F. H. Green of West Chester, Pa., will deliver the class address.

At the last regular meeting of No. 291 P. & A. M. the M. degree was conferred. This was followed by a report of the district lecture, Mr. F. O. Lovering of Mt. Vernon. Mr. Lovering also presented the past master's jewels to all who had not yet received them. The following received jewels on this occasion: W. E. Helphrey, E. M. Kinsey, C. W. Freney, C. P. Smith, Harry Everts and W. V. Platt.

The wet and dry election will be held Tuesday of this week. This has been a very quiet campaign. The drys will hold a mass meeting Monday evening in the M. E. church. At this meeting Messrs. White and Bale of Columbus will give talks.

WOMAN AVOIDS OPERATION

Medicine Which Made Surgeon's Work Unnecessary.

Astoria, N. Y. — "For two years I was feeling ill and took all kinds of tonics. I was getting worse every day. I had chills, my head would ache, I was always tired. I could not walk straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, but I did not want to go. I read in the paper about Lydia E. Pinkham's Vegetable Compound and told my husband about it. I said 'I know nothing will help me but I will try this.' I found myself improving from the very first bottle, and in two weeks time I was able to sit down and eat a hearty breakfast with my husband, which I had not done for two years. I am now in the best of health and did not have the operation." — Mrs. JOHN A. KOENIG, 502 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes nothing else will do; but many times doctors say they are necessary when they are not. Letter after letter comes to the Pinkham Laboratory, telling how operations were advised and were not performed; or, if performed, did no good, but Lydia E. Pinkham's Vegetable Compound was used and good health followed.

If you want advice write to Lydia E. Pinkham Medicine Co. (Schenectady, N. Y., Mass.)

Wall Street.
[ASSOCIATED PRESS TELEGRAM]
New York, April 26.—Latest foreign advices, failure of the United States steel directors to increase the common dividend and the more a rate piece of the domestic steel situation accounted for the irregular tone in today's early market. Declines of 1 to 2 points were noted in the price of the specialties, notably Republic Steel, Baldwin locomotive, Steelcase, Merantile preferred and New York Telephone while others of the same class lost substantial fractions. United States Steel was under pressure as were also leading rails. There were moderate gains in specific mail, Mexican petroleum, industrial alcohol and distillers securities.

The note worthy feature of the forenoon was the attack of the recent buying demand. Further unsettledness was occasioned when Republic and Baldwin, together with other active

WILL PICK TEAM FOR WRESTLING MATCH TONIGHT

The result of tonight's public workout at the State High school will be participated in by all local amateur wrestlers. Will decide what five Newark boys will represent the city in the championship wrestling match, set for as a preliminary to the "Boverson" match at the Auditorium. The Newark amateurs meet the Y. M. C. A. team of Columbus, trained by Al Huff (Young Gutch).

The local wrestlers will go on in six minute bouts with Bowser as the judge of their work. The winners will be announced Thursday evening.

Winners of Friday night's tournament will be awarded medals by Bowser and while the Columbus team has the advantage in a longer period of instruction, it is believed that the Newark boys will make a good showing.

All interested in wrestling are invited to watch the workout tonight.

PEACE OR WAR UP TO THESE MEN

Chancellor von Bethmann-Hollweg (left) and Foreign Minister von Jagow.

Here are the great statesmen of Germany who more than any others, save perhaps the kaiser himself, are responsible for the foreign policy of that nation. Bethmann-Hollweg stands at the head of the cabinet and Jagow is foreign minister. The question that now confronts the world is whether they will keep the promise made to the United States that no liner will be sunk by a German submarine without notice and without giving the passengers an opportunity to escape. President Wilson insists that this guaranty shall be kept, and if it is not diplomatic relations with Germany will be broken off. Public sentiment in Germany is said to favor the submarine policy which has recently been followed, and which resulted in the sinking of the Sussex with the loss of scores of lives of neutrals, including Americans, and women and children.

TO THE DEMOCRATIC VOTERS OF LICKING COUNTY

Gentlemen:—

I am with you once again as a candidate for County Recorder. You gave me a very good vote four years ago. This time, I hope to be your nominee.

I have never held a county office and this is the only one I shall ever seek.

Thanking every one for past support and with good will toward all, I am,

Yours truly,
WM. A. FLEMING.

Lancaster Folks Try "Outside" Method of Treating Colds

Now They Recommend an Application of Vick's Vap-O-Rub Salve Instead of Internal Dosing.

A few winters ago the Southern treatment for croup and colds—Vick's Vap-O-Rub Salve, was introduced in Lancaster for the first time. Naturally the druggists were rather skeptical, so arrangements were made for them to present complimentary jars to a few of their customers on condition that this preparation be given a thorough trial and results reported. Below are a few of these reports.

Mrs. Grant Martin, Lancaster, Ohio, R. F. D. No. 8, reports:—
"Vick's Vap-O-Rub Salve is all that you claim for it for colds in the head, croup or colds on the lungs. I have used it for myself and children. My husband thinks there is nothing better."

VICK'S "VAPORUB" SALVE

H. E. Mayer, Lancaster, writes:—
"I can say that I have used Vick's Vap-O-Rub Salve for colds in the head and chest and find that it breaks up a cold in two or three applications."

Mr. Martin Wyman, 532 N. Columbus Street, writes:—
"Last December I took a severe cold that seemed to stay in my throat and made me hoarse for two months. Nothing seemed to do any good, so my druggist, H. W. Brink, asked me to try a jar of your salve. I rubbed it well over my throat and chest, covering with hot flannels and in two days I was relieved and in a week the hoarseness was all gone."

Vick's Vap-O-Rub comes in salve form and combines two forms of treatment. First, the body heat releases the ingredients in the form of vapors, that are inhaled with each breath all night long, loosening the phlegm and clearing the air passages. Second, externally, Vick's Vap-O-Rub is absorbed through and stimulates the skin, acting like a poultice or plaster. Vap-O-Rub comes in three sizes 25c, 50c or \$1.00, at all druggists.

CHAUTAUQUA PROGRAM HERE MADE PUBLIC

GREAT SOPRANO, DRAMATIC COMPANY, GYROSCOPE MAN AND OTHERS.

Popular Lecturers Included in the Bill—Extra Day This Year Due to the Sunday Plans.

WEEK'S PROGRAM.

First Day—Music Makers' quartet; Dr. William A. Colledge, lecture.
Second Day—Maurer Sisters Orchestra; Everett Kemp, "That Printer of Udell's"; Frank Dixon, "Taking Stock of a Town."
Third Day—Signor Bartolotta, tenor; Lecture to be announced; William Owen Company in "The Servant in the House."
Fourth Day—University Boys; Dr. James S. Kirtley, the boys' man; Montravelle Wood and Company.
Fifth Day—Pallaria and His Band—Two Concerts.
Sixth Day—American Girls Company; Mother Goose Festival; Frederick W. Maurer, "A Fight for Life in the Arctic."
Seventh Day—Thomas Brooks Fletcher, lecture; Concert, Miss Alice Nielsen, Lyric Soprano.
(The usual morning lectures and children's hours will be featured.)

Newark's 1916 Chautauqua program, as just announced, offers such a wealth and variety of talent as to indicate that the week will be an unqualified success. Among the attractions to be brought here are Miss Alice Nielsen, prima donna soprano; William Owen and Company in "The Servant in the House"; Pallaria's New York band, and Montravelle Wood in his lecture-demonstration of the gyro-scope, the monorail car and the ultra-violet ray.

The Chautauqua equipment is to remain an extra day this season, in order that patrons may enjoy the regular seven-day program, regardless of the fact that no sessions are to be held on Sunday.

Music for the week is to be more elaborate than in previous years. On the opening day the Music Makers Quartet is to give an afternoon concert and an evening prelude, one of the special instrumental features being selections on the marimphone.

The Maurer Sisters Orchestra, now on a tour of Panama, is scheduled for the second day. Their programs include a fine variety of music on cornet, violin, cello, piano and flute, together with impersonations, whistling and other unique features.

Signor Giuseppe Bartolotta, an Italian tenor, is to appear in a recital on the third afternoon, in connection with a 45-minute talk by the morning lecturer. Bartolotta has sung in concerts with such artists as Melba, Kubelik, Patti and Padewski, and has a wonderful combination of dramatic power and intensity.

Music for Chautauqua's fourth day is to be of the unique Hawaiian variety, with the University Boys as performers. Their afternoon prelude will introduce a few Hawaiian numbers, and in the evening their entire program is to be given on ukulele.

Taro Patch fiddle, Hawaiian steel guitar and mele.

Francesco Pallaria, who was born and educated in the musical atmosphere of Naples, brings his New York band for two concerts on Chautauqua's fifth day. Last summer this organization toured the largest Chautauqua in America and "made good." The programs are to include some special descriptive numbers. One of the features will be a brass sextet.

The American Girls, six in number, have a patriotic program which they are to give on the sixth day. One of their most interesting diversions is the representation of the six periods of American childhood. In another scene they offer a beautiful description of the American flag and its history. Their programs are both vocal and instrumental, and introduce saxophones, cornet and cello.

Naturally, chief interest will center in the closing night's concert by Miss Nielsen. As a member of the Metropolitan and Boston Opera Companies she has been referred to recently as "The American Patti." Being a native of Nashville, Tenn., Miss Nielsen has always been a favorite American daughter, and her success—first in light opera and later in grand opera—has been watched with unusual interest. She is a lyric soprano of pleasing personality, and when she comes to this city in her private car she will make practical her amiability by allowing patrons to choose as encores many of the old, familiar favorites which are always popular, especially when well given. In her program Miss Nielsen is to be assisted by a competent violinist and a pianist.

This season's lectures are Dr. William A. Colledge, a world traveler and educator of note; Frank Dixon, in a vital talk on "Taking Stock of a Town"; Dr. James S. Kirtley, author and lecturer on boys and their problems; and Thomas Brooks Fletcher, dramatic orator.

Montravelle Wood's demonstration of the gyro-scope, the monorail car and the ultra-violet ray, will be remembered for months after the Chautauqua is over. He is to be assisted by his daughter, Miss Allene Wood, in this popular scientific entertainment. Stored light, aeroplane operation, monorail possibilities and gyro-scope wrestling will be among the features introduced by Mr. Wood. Men from the audience will be given an opportunity to "throw" the gyro-scope.

"The Servant in the House," booked for the third night, is to be given by a company under the direction of William Owen. For more than 20 years he has played leading roles in the world's greatest plays, and the supporting company which he has chosen is thoroughly accomplished in the histrionic art.

Everett Kemp's interpretation of "That Printer of Udell's" is announced for the second day. He has read this remarkably interesting story hundreds of times for Lyceum and Chautauqua audiences, and always with the same result—entire satisfaction.

Frederick W. Maurer, who went north with the Stefansson expedition and was rescued from the famous Wrangel Island less than two years ago, is to tell his thrilling story of "A Fight for Life in the Arctic." This lecture is to be illustrated with photographs secured by Mr. Maurer while in the polar regions.

A series of morning lectures is to be given during the week by a speaker yet to be announced.

The children's department is to include activities of the Junior Redpath Club, with folk drills, games and stories. The climax of junior work will be a Mother Goose Festival on the sixth night, following a short program by the American Girls and preceding the illustrated lecture on the Arctic.

Chautauqua prospects were never brighter, and with a strong program outlined there is every reason to anticipate a great week. The exact date for the Newark Chautauqua will be announced soon.

Theatres

Alhambra, Tonight and Tomorrow.
The feature on the program of the Alhambra theatre tonight and tomorrow, will be Robert Warwick, the popular World Film star, in a new, realistic photodrama of city life, entitled "The Supreme Sacrifice." The picture was produced by the Preme Feature Film company for the World Film Program, and furnishes the noted young star with one of the most striking roles in which he has yet appeared on the screen.

"The Target," at the Gem.
"The Target," one of the strongest plays that has ever been written of the unchanging love of a mother for her son will be shown at the Gem theatre tomorrow afternoon and evening. The company which produced this remarkable play spent some time at Lake Tahoe, which is situated near some of the finest scenery in this country. For some of the scenes the company made use of the oldest Californian landmarks. The Indians who inhabit this region of Lake Tahoe insist that the cabin, which is the home of Bill Brent and is pal in the latter part of the picture is one of the two remaining castles as which were built by the fortifications on their way to the Pacific.

At Mazda.
The past and what will doubtless be the last appearance of Mme. Bernhardt in Newark will take place Thursday and Friday at the Mazda. "Jeane Dore" a five act drama of destiny by Frisstran Bernard,

the play in which Mme. Bernhardt last appeared upon the stage. The wondrous artist thus makes her last American tour in the seventy-first year of her age.

HAYMAKERS WILL HAVE GRAND TIME.
The local loft of the National Association of Hay-Makers received notice today that a delegation of about thirty from Cambridge would be present tomorrow night to witness the class initiation. There will also be three champions from Toledo, as that loft has adopted the ritual as revised by a Newark member. All Hay-Makers who have not witnessed the work lately should be present, as there is a pleasant surprise in store for them.

A. S. MITCHELL, SPEAKER.
Next Sunday evening at the Pine Street C. U. Chapel, Mr. Andrew S. Mitchell, attorney of this city, will occupy Dr. H. J. Duckworth's pulpit with an address to the church and its friends. This is by special request of the pastor. The speaker will select his own subject. All are invited to come and hear this talented speaker.

Tea, Coffee and Children

It would be difficult for any parent to find a physician of modern education who would contend that coffee and tea are not harmful, especially to growing children.

The fact remains, however, that many parents give these beverages to their little folks and allow their use in older children at a time when physical and mental development is the most rapid.

The drug, caffeine, in coffee and tea retards growth and interferes with school progress. Disturbances of eyesight, headaches, nervousness, irritability, indigestion and other ills appear in many, seemingly without cause, and the damage often occurs at the most impressionable period of life.

No parent should permit the use of coffee and tea in the growing young; for the men and women of tomorrow will be what the parent of today makes the children by wise upbringing.

Children as well as adults need an invigorating, warm drink, and in a growing number of homes it has been found that the most wholesome table beverage is

INSTANT POSTUM

This pure food-drink, made of prime wheat and a bit of wholesome molasses is readily prepared at the table, a cup at a time.

A level teaspoonful of Instant Postum in a cup of hot water, with cream and sugar added, makes an attractive, healthful drink, and its pleasant flavour wins children and usually the parents.

SAGE TEA KEEPS YOUR HAIR DARK

It's Grandmother's recipe to bring back, color, youthfulness and lustre—Everybody is using it again.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

P. A. will win you speed-o-like-a-flash!

We tell you, any man can smoke Prince Albert with the utmost enjoyment; smoke pipe-full after pipe-full or the makin's until the gong sounds, without a kick back or a complaint! Yes, sir; he'll just please himself to pieces with P. A.'s cool fragrance and absence of bite and parch!

Prince Albert is made by a patented process that cuts out bite and parch! Prince Albert has always been sold without premiums or coupons. We prefer to give smokers quality.

PRINCE ALBERT

the national joy smoke

So it's up to every red-blooded man to jump the boundary line between himself and smoke happiness and know just what all this jimmy-pipe-joy-talk and makin's talk is about!

Men all over the world are today smoking Prince Albert because it meets their taste; because it gives them real tobacco enjoyment they have never found before! Don't you realize that if Prince Albert, in a few years, has made three men smoke pipes where one was smoked before and started men everywhere rolling their own cigarettes, that it certainly has the call on you—at least for a try-out!

Why, that's only being fair to yourself!

R. J. REYNOLDS TOBACCO COMPANY
Winston-Salem, N. C.

THE RAILROADS

"There would be no shortage of labor in the Middle West during this period of unprecedented industrial activity and business prosperity," said J. M. Davis, general manager of the Baltimore and Ohio lines, at Cincinnati, upon completing an inspection of the property. "If the idle men who have no visible means of support would go to work."

During the trip through the territory Mr. Davis learned, he said, from the business men of practically every community visited that the greatest difficulty confronting them is the inability to employ forces sufficiently large to fill orders in contract time, yet within a few miles of manufacturing plants are to be seen groups of men engaged in idle discussion or planning law violations in preference to joining the army of wage earners.

The problem of distributing labor according to requirements in many of the larger industrial centers is so serious that General Manager Davis and other officials of the Baltimore and Ohio have proffered their assistance to public officials in securing work in manufacturing and railroad situations for unemployed men. Letters have been addressed to local authorities informing them of a desire on part of the railroads to assist in furnishing employment, while those in charge of plants of various kinds in the cities and towns served by the Baltimore and Ohio lines have been asked to keep the railroad advised of their labor needs. The letters point out that the railroad, being interested in the social and economic advancement of its communities, prefers to furnish employment to local labor instead of importing men for transportation service; and it is anxious to assist industries in applying the same principle.

"While complaints are heard everywhere about scarcity of labor," Mr. Davis continued, "there has been no noticeable decrease in the number of men traveling unlawfully over the railroads, and the storehouse social in the middle of the afternoon has lost none of its popularity regardless of the opportunities offered by American industries for earning high wages."

"On a recent daylight trip from Toledo to Cincinnati I counted 102 able-bodied men riding contrary to law on the freight and passenger trains of the Cincinnati, Hamilton & Dayton railway, while in any prosperous community like Dayton, Hamilton, Lima, Newark or a dozen others twice this number of men could have found steady employment."

"What is true of the labor situation in manufacturing centers is also true of farming districts. Farmers report to our railroad representatives a scarcity of help for plowing and spring planting of crops. The scarcity of farm labor will be realized from the experience in communities adjacent to our lines that were unable last fall to employ labor to dig the potato and sugar beet crops before cold weather destroyed them."

Engine Disabled.

One of the side-rods on the locomotive pulling B. & O. passenger train No. 2 broke off near Lexington Monday evening, and tore off the running board on the side of the engine, and tore its way through the steel jacket into the boiler.

A freight engine was put into service and brought the train to Newark. Frequently such accidents result in the injury to the men in the engine cab, but in this instance both escaped unhurt. No. 2 was about two hours late on its arrival. The damaged engine was brought to Newark yesterday.

Never Neglect Colds; Treat Them Promptly

Often they lead to those pulmonary troubles which are responsible for more than one-tenth of all lives lost through illness.

Heavy colds which develop deep-seated coughs or cause inflammation of the air-passages and persist in spite of medication, weaken the system to a point where resistance easily is overcome—and asthma, bronchitis and pulmonary troubles are the result. To renew normal resistance, Eckman's Alternative has been found highly beneficial in many instances.

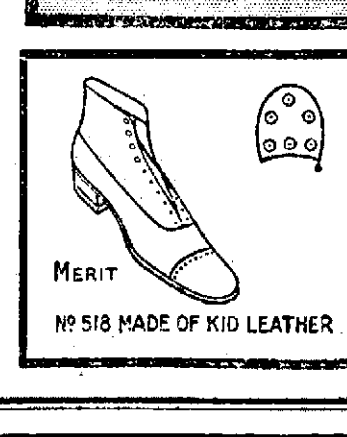

Its lime content is so combined with other remedial agents as to be readily assimilated by the average person—and it contains no narcotics or habit-forming drugs of any sort. So it's safe to try.

Marriage License
A marriage license was issued in
probate court this morning to El-
mer S. Brownfield, 70 years old, of
Newark and Mrs. Mary J. McCam-
mon, 63 years old, also of New-
ark. Mr. Brownfield has been married
three times before and Mrs. McCam-
mon once before.

Divorce Petition
Julia Coon has commenced action
in probate court against Charles
Coon, asking for divorce, custody of
children and alimony. Her petition
states that they were married April
23, 1912, and have two children.
She charges gross neglect, failure to
provide and habitual drunkenness.

In Common Pleas
In common pleas court on Wed-
nesday the court and a jury were en-
gaged in the trial of the case of El-
diah R. Jessup vs. the Ohio Electric
Railway Company.

Plaintiff sues for damages in the
sum of \$1,900 for personal injuries
sustained in alighting from a city car
on the east side of the square on July
4, 1914.

In the case of Wm. O. Holler vs.
James W. Taylor, a suit for damages
for alienation of the affections of
plaintiff's wife by defendant, the ju-
rors in common pleas court returned
a verdict in favor of the defendant.

Case Dismissed.
In the case of the State of Ohio
vs. John Rector and Gabe Cartnell,
charged with taking a racing sulky in
an affidavit subscribed to by Curtis
Rowe, the case was heard before
Justice Fletcher S. Scott and dis-
missed, there not being sufficient evi-
dence to sustain the charge. The de-
fendants reside at Hanover.

Assigned for Hearing.
In the case of the State of Ohio
vs. Isaac Drake, a peace warrant
subscribed to by Burge Orr in the
justice court of Fletcher S. Scott,
the case has been assigned for hear-
ing on Friday afternoon at 1 o'clock.

**MARTIAL LAW
PROCLAIMED
IN IRELAND**

(ASSOCIATED PRESS TELEGRAM)
London, April 26.—Liberty hall,
headquarters of the Dublin rebels
and Stephens Green, which was cap-
tured by them, have been occupied by
the military, Premier Asquith an-
nounced today in the house of com-
mons.

Premier Asquith told the house of
commons that drastic action to sup-
press the movement in Ireland was
being taken.

Outside of Dublin, he said, the
country is tranquil. The premier
added that steps were being taken
to acquaint neutral countries of the
real significance of this most recent
German campaign.

Martial law has been proclaimed
in the city and county of Dublin, it
was announced in the house of com-
mons. Troops have arrived at Dub-
lin from Belfast and England.

At the opening of the house of
commons today, Augustine Birrell,
chief secretary for Ireland, said it
was difficult to say whether any
routes to Ireland were open or
closed. He added that he was going
there if he could make arrangements.

**MANY NEW SCHOOL
WILL BE ERECTED
IN LICKING COUNTY**

Elmer W. Jordan, superintendent
of Licking county schools, announ-
ced today the result of the following
bond issues that were voted on yester-
day in this county.

The bond issue for Licking town-
ship to build a new high school cost-
ing \$20,000, and to be built at Jack-
sontown, carried by five votes. The
vote being 76 against to 81 for the
issue. A fine new building will be
erected at Jacksontown in the very
near future.

The bond issue at Granville, the
township voting, lost decidedly.

Mr. Jordan states that the bond
issues that have carried in Licking
county since the new school law
went into effect in 1914 have been
as follows: Hanover, \$25,000; Han-
over township, \$25,000; Newark
township, \$16,000; Harrison town-
ship, \$30,000; Etha township, \$30,-
000 and Licking township, \$20,000.

MONTHS.**

Now Back on the Job—Highly
Praises Tanlac for Change.

Mr. Sam Patrick, a cement work-
er, and well known who resides at
No. 3 Avalon block, says of the mas-
ter medicine.

"I had a severe case of stomach
trouble and asthma and had not
been able to do any work for six
months. I suffered a great deal of
pain and was in bed the most of the
time. I bought a bottle of Tanlac
and it did me so much good I bought
another and another and now I am
taking my fourth bottle and am now
able to follow my usual occupation
which is that of a cement worker.
I can publicly recommend Tanlac,
having done so already on several
occasions."

Tanlac is equally as good in liver
and kidney troubles, catarrh and
rheumatism and is pre-eminent as a
spring tonic.

Tanlac is demonstrated at Hall's

Goodbye Corns!
Cure Guaranteed

Hall's Painless Corn Cure a Marvel.

At last, a corn cure that gets rid
of corns! A remedy that is guaran-
teed to work in every case. It brings
the corn right out, you don't have to
dig it out. The only corn and bun-
ion cure of its kind in the world is
Hall's Painless Corn Cure. The first
application stops the pain. Hall's
Painless Corn Cure is not a mere
corn plaster or a salve that makes
your corns swell or that "draws"
and puts wrinkles in your feet from
the awful pain. Hall's Painless Corn
Cure is made and sold in this city
by Frank D. Hall. It will cost you
25 cents, and will last longer than
several purchases of another corn
treatment. If you are not satisfied
you can get your money right back
on request.

ARREST MADE AT UTICA; WET MAJORITY 45

(Special to The Advocate.)
Utica, April 26.—R. L. Mendonhall, local saloonist, was last night bound over to common pleas court under bond in the sum of \$200 on a charge of influencing a voter in the local law election here yesterday. The village voted wet by a majority of 45 votes, retaining the three saloons which Utica has had for the past several years.

Mendonhall's arrest was made upon information secured at the hearing of Ralph Kline, 21, who was arrested yesterday morning on a charge of illegal voting. It was alleged that Kline was under age. At his hearing, he convinced the court that he was old enough to have voted, but gave the further information that he was induced to cast his ballot by Mendonhall. The judge stated that Mendonhall influenced him to vote "wet" and showed him how to mark his ticket.

Mendonhall was given a hearing before the mayor who found sufficient evidence, he thought, to warrant referring the matter to the common pleas court.

Utica's vote was about 50 short of being complete. There were 275 "wet" votes and 230 "dry" votes, giving the liberals a majority of 45 votes. The total vote cast was 505 while the total number of voters in the village is 565.

While the vote on the primary candidates was heavier than in other precincts, many of the voters cast their ballots only on the saloon question.

Granville

(Special to The Advocate.)
Granville, April 26.—Council was unable to pass upon the matter of the franchise to the Ohio Light and Power company last evening as it was confidently hoped it would do, because of the absence of two of the members from the meeting. A good deal of interest is felt in the proposed project, especially since it is difficult to see how the installing of such an up-to-date convenience can in any way be a detriment to the village. It is understood that the company, if successful in securing the franchise, will furnish electricity to those desiring it, and that there will be no taxation for the commodity on those who do not care for it.

The program of the Ohio Baptist Pastors' Conference which has been presented here during the past three days, closed this morning with an interesting session in Cleveland hall, the topic under discussion being "The Rural Church."

9:00—"Some Problems of the Rural Church," Wolfred Lindstrom, First Church, Pleasant Lake, Ind.
9:30—"The Co-operation of the Rural Church With the Forces Making for Rural Betterment," H. C. Price.

10:30—Adjournment.
On Tuesday evening the topic was "The Five Year Program," and addresses were made by Prof. Gerald D. Smith, of the University of Chicago, and by Rev. A. S. Carman, of the First Church of Marietta, before a congregation in the auditorium of the Baptist church.

During the conference addresses have been made by Rev. H. F. Stillwell, D. D., of Cleveland; Rev. G. L. Ford, Delaware; Rev. Millard Breisford, Granville; Rev. Arthur St. Clair Sloan, Wooster; Rev. G. R. Dye, D. D., of Mt. Vernon; Rev. Charles Sumner Brown, D. D., of Walnut Hills, Cincinnati; Dean H. R. Hundley, Granville; Rev. Otis Green, Piqua; Rev. J. W. Elv, of Madison; President Clark W. Chamberlain, Ph. D., of Granville; Rev. L. W. Doolan, Columbus; Rev. D. F. Rittenhouse, Middletown; Rev. Thomas Lasler, Porysville; Rev. J. W. Craig, of Mt. Gilead; Rev. T. F. Chambers, of Granville, besides many others who took part in the discussions. Members of the local church have opened their homes for the lodging of the visiting pastors, most of whom took their meals at the Buxton house.

Granville township at the polls yesterday defeated the \$30,000 bond issue for a joint town and township high school building by a vote of 102 to 38. This is the second time this proposition has been rejected by the township.

It has been said that several women of the Travelers' club will take a course in Spanish and in South American geography in the Denison summer school. The Travelers will study South America next year, and they feel that the present opportunity offered by the summer school should not be neglected. It is remarkable how the European war has awakened a new interest in South America during the last few months, and Denison announces this year the establishment of a department whose chief aim will be to equip its students with a knowledge of the language, institutions and resources of the people south of us. Dr. Iturbe of the Spanish department of the University of New York City, will offer courses in Spanish and Spanish literature. Dr. Frank Carney of Denison, who has been persuaded to teach in the Denison summer school instead of going to Cornell, will give a course on the geography of South America which will deal with the climate, the physical features of the country, the institutions of the people, and especially their natural resources. This course will interest not only teachers but also those who in the future are expecting to take advantage of some of the fine opportunities in a business way that are now opening up in the southern portion of our hemisphere. Dr. Carney has, what no doubt is the largest and finest collection of lantern slides on South America in this

WEEK END BARGAINS— Carpets --- Rugs and Draperies Etc.

Bought At Auction Prices Buy Now Or You May Pay Twice As Much Later.

Carpets and rugs are getting in the same class as gasoline for sensational price advances. Rug mills are closing down for lack of dye and other materials. Prices today to dealers are almost prohibitive.

Last October we bought at auction in New York City several hundred bales of rugs at the lowest auction price—this fact means that our vast present stocks of rugs were bought at a saving of almost one-half under present prices. Right now is your rug buying opportunity, but it won't last long. Better act quickly.

country, and these will be used to illustrate his lectures. Prof. C. E. Goodell, dean of the summer school, will furnish detailed information.

Mrs. George Walker of Cincinnati arrived last evening in Granville where she will visit for a week at the home of her parents, Dr. and Mrs. C. L. Williams in Elm street.

Among the Granville people who attended the concert in the Newark Auditorium on Tuesday evening, April 25, given under the auspices of the Newark Women's Music Club, were: Mr. and Mrs. J. S. Jones, Dr. and Mrs. R. S. Colwell, Prof. and Mrs. T. S. Johnson, Mr. and Mrs. C. B. White, Mr. and Mrs. Karl Eschman, Mr. and Mrs. C. B. Slack, Mrs. W. P. Ullman, Mrs. J. W. Rohrer, Mrs. C. W. Chamberlain, Mrs. Susan Bawden, Miss Hulshizer, Miss Rockwood, Mr. Rockwood.

President and Mrs. C. W. Chamberlain have had as house guests during the past three days Dr. H. F. Stillwell, of Cleveland, who was one of the speakers at the Ministers' Conference on Monday afternoon, Dr. Charles Sumner Brown of Cincinnati, who spoke on Tuesday morning, and Prof. W. E. Rafferty of Philadelphia.

One of the attractions of the spring term will be the "pop" concert by the Denison orchestra under the direction of Prof. Karl Eschman, which will be given in Recital hall Thursday evening, April 27, at 8:15 o'clock. Good music, with a swing to it! Ask W. P. Ullman to tell you about it!

The body of Mrs. J. R. Davies of Newark, formerly Miss Mary Anderson of Shepley college, was laid to rest in Maple Grove cemetery Tuesday afternoon, with impressive services. A large company of relatives and friends of the deceased accompanied the body from Newark and an equally large company of Granville friends assembled at the grave to pay the last sad tribute of love and respect.

Mr. and Mrs. A. P. Nichol left this morning for Cleveland where they were summoned by the illness of Mrs. Nichol's sister, Mrs. George A. Williams, whose home is in that city.

A car load of Newark ladies came to Granville last evening for a meeting of the Pythian Sisters held in the K. of P. hall.

Mr. and Mrs. J. S. Jones entertained at dinner last evening at Bryn Du the following ladies: Miss Marie Hertenstein, Mrs. Hertenstein, Mrs. McMahon, Mrs. Restiaux, of Columbus; Miss Elizabeth Morris of Granville, formerly of Columbus. Following the dinner Mr. and Mrs.

Jones entertained their guests with a box party at the Althouse-Hertenstein concert in the Auditorium, and were joined by Mr. and Mrs. Webb of Newark.

FARMER ESCAPES SERIOUS CHARGE, BUT IS \$14 POORER

A well known farmer residing in the vicinity of Purty is out just \$14 and incidentally is spared the humiliation of being haled before a trial court on a serious charge.

The farmer came to the city Monday and stopped at the livery barn of George Priest. When ready to leave, there was an itching of his fingers and three blankets found their way into his buggy. He was seen taking the blankets by one of the employees, who thought they belonged to the farmer. When their loss was discovered by Mr. Priest he was informed of the circumstances.

Justice Fletcher Scott was impressed into the case and sent one of his court constables to the home of the man who needed the fresh supply of blankets. When the constable stated his mission the man denied all knowledge of the affair, but when the constable stated that he had a search warrant and would have to place him under arrest he weakened and said probably they might have gotten into his buggy "by a mistake." Sure enough, they had, but the farmer was glad enough to "cough up" \$14 for his error, \$8 for hire of automobile by the constable and \$6 court costs. In all probability his penchant for blankets has deserted him.

HELD FOR OLD MURDER.

Elyria, O., April 26.—Michael Bunda, 40, has been bound over to the grand jury here on a charge of first degree murder. It is alleged he killed Nicholas Rasie, ten years ago in Lorain.

HETTY GREEN'S ILLNESS IS DENIED BY HER SON.

[ASSOCIATED PRESS TELEGRAM]

New York, April 26.—Published reports that Mrs. Hetty Green, considered the wealthiest woman in the world, has been stricken with paralysis and was seriously ill were denied today by her son, Colonel Edward H. R. Green, who said that his mother contracted a slight cold while out riding on Sunday.
